## Ettington Village Award

### 15 July 2009 - Ettington CFR Scheme forms part of Ettington Village Award

Ettington was recently entered into a competition run by Warwickshire Rural Community Council (<http://www.ruralwarwickshire.org.uk/>). The village entered three of its community initiatives into the Community Projects Category. One of these initiatives was the Community First Responder Scheme. The entry for this element was written by one of our team members, Paul Mulligan.

A group of residents from Ettington wrote and submitted the village's entry, led by Sian Mulligan, attended an awards ceremony at County Hall in Warwick last night. At the ceremony, the team were delighted to learn that Ettington had won a Gold Award.

The CFR team is delighted to have been part of the village's entry into this competition.

## Congratulations to Ettington!!

We recently submitted our village into the Warwickshire Best Village Competition. Our 3 entries came under the Community Projects Category and won us a Gold Award.

We are very proud of our village and are keen to enter again next year - hopefully to win the big cash prizes on offer. There are a whole range of categories to choose from and any local individual, group, organisation, or charity can enter. Now that we have seen the competition, Ettington is evidently more proactive than the average village. If we showcase our efforts and achievements, we will be in an even better position for next year's competition. So please take a look at our **Gold Award Certificate** in the Post Office, and if you want to mention your project or activity please let us know by contacting Sian at [sianpirotte@hotmail.com](mailto:sianpirotte@hotmail.com)

All information of next year's competition, including categories for entries, can be found at:
