New First Responder

04 March 2010: Michelle Webley qualifies as a Community First Responder

Michelle passed the assessment for her Intermediate course on 4th March and, with all her CRB checks already complete, she went live straight away.

Michelle has lived in Ettington for 10 years with her husband and 2 children. She works locally as a Practice Manager for a small family law firm. As her children are out of the 'baby stage' she felt it was a good time to get more involved in local community work and when she heard of the Community First Responders the timing was perfect.

Michelle said; "It's been an interesting and, at times, quite demanding course to reach Intermediate level. It has involved 6 full days of training over three weekends and has been a bit like going back to school again! Overall though, a fantastic opportunity to learn skills that can potentially save lives".
